**Mailing Samples:** Hemp and CBD samples can be submitted by following the simple instructions outlined on the [Botanacor website](#). The Company offers rapid turnaround and an online [Turn Time Calculator](#), allowing customers to easily track their sample results.

"We are a highly differentiated lab, offering our customers the superior accuracy, quality, and practices you typically experience only at multi-national pharmaceutical laboratory levels," said Mike Bravold, Botanacor's President. "We combine the highest standards of validated testing with rapid turnaround, backed by customer service that's truly second to none."

**Industry Growth:** The demand for Cannabidiol (CBD) and hemp-based products is extraordinary and growing. The global [industrial hemp market](#) size is expected to reach \$10.6 billion by 2025, according to a report by Grand View Research, Inc. The market is anticipated to expand at a CAGR of 14.0%.

## **About Botanacor**

Botanacor was the first Colorado-based laboratory founded for, and entirely focused on, hemp and CBD testing. Botanacor participated in the first-ever Hemp Pilot Program conducted in Colorado in 2014. The Company has clearly distinguished itself among its competitors through its facilities validation, process controls, equipment validation, Pharmaceutical best-practices, and rapid response.
